

Hearing Is Set For Freeway Plan On State Route North

Three Routes Suggested As Plans Made For New North Route

State Highway Engineer G. T. McCoy has instructed District Engineer Alan S. Hart to conduct a public meeting to discuss the various routes being considered for a new freeway to be constructed around the proposed Prosser Creek Reservoir north of Truckee. The highway to be relocated is State Sign Route 89.

Highway officials said the meeting date, set in concurrence with the Nevada County Board of Supervisors, will be held on March 17 starting at 1 p.m. The meeting will be held in the American Legion Hall in Truckee.

Hart urged that all public officials, individuals, and civic groups that are interested in the location of the route plan to attend the meeting. At that time they should present their views, and any pertinent information they may have, on the proposed routes. Statements at the meeting may be made orally, or filed as written documents to be included in the report of the meeting.

3 ROUTES

Three alternate routes will be presented at the meeting. Alternate A leaves the existing highway 1.3 miles north of Truckee, proceeds northerly across Alder Creek, passes to the West of the proposed Prosser Creek Reservoir, crosses Prosser Creek, passes to the west of Hobart Mills and joins the present highway again one-half mile north of that community. The route would have a maximum grade

Athletes Dinner Is Scheduled On 27th

Members of the Truckee Fire-Ettes with the cooperation of the Truckee Donner Chamber of Commerce will host 120 foreign athletes at a dinner to be served at the high school gymnasium Friday, February 27 at 7 p.m.

The Chamber is contributing to the cost of the affair which was requested by the hospitality committee of the Olympic Organizing Committee.

The menu will consist of turkey with all the trimmings and a special Lenten menu for those who desire. Guests will be limited to members of the Fire-Ettes, the Truckee Volunteer Fire Department, the California Highway Patrol, foreign skiers, the chamber of commerce and their guests.

Following the dinner those wishing may adjourn to Smart's where dancing can be enjoyed.

The affair is expected to bring nationwide publicity to the host organizations.

FIRE DAMAGES TRUCK IN GARAGE BLAZE

The Truckee Volunteer Fire Department was called to the B&B Truckee Parts at Gateway Sunday afternoon when a fire developed under Lloyd Everett's Richfield truck.

William Benish, owner of the garage had just completed installing a new motor in the truck when a spark from an electric welding machine apparently caused a minor explosion beneath the vehicle. The fire spread quickly and the department arrived just in time to prevent the flames from engulfing the building.

Damage was confined to the Everett truck.

KINGS BEACH BIBLE CLASS WILL START

Beginning at 7 p.m. tomorrow (Friday) there will be an adult Bible Study class conducted at the Wee Kirk O' the Pines Community Church at Kings Beach. The classes, which will last for two hours each Friday evening will be under the supervision of Rev. Earl Langguth.

There are no prerequisites for the study, only a desire to learn more together of the Christian faith and the Bible, Rev. Langguth said.

THREE BABIES BORN AT LOCAL HOSPITAL

Tiny Sandra Ann was welcomed upon her arrival February 11 at Tahoe Forest Hospital by her parents, Mr. and Mrs. Jack Thomas of Sierraville.

The little girl's birth weight was reported at four pounds, 13 ounces.

David Scott arrived on Lincoln's birth date at the local hospital for his parents, Mr. and Mrs. Ralph Daniels of Truckee.

David tipped the scales on his initial weight, at six pounds, 10 ounces.

Leslie Ann were the given names chosen for the daughter of Mr. and Mrs. James Simmons of Soda Springs. The child was born in the local hospital last week.

No Charge At Trial Event This Week; Crowds Expected

There will be no charge for admission to Squaw Valley this weekend when the trial events are scheduled to start. However, for the following Saturday and Sunday when the Nordic events are scheduled a \$2 charge will be made for adults. Children under 12, accompanied by adults will be admitted free.

Every effort is being made to have facilities in the valley ready for this weekend although the weather is causing some concern. Parking, if the wet warm weather continues may also prove a problem.

Some 50 additional California Highway patrolmen will be in the area, while special deputies, ski patrolmen and other officers will be on hand.

It is estimated that between 7,500 and 10,000 visitors will enjoy the trial events.

Honor Roll Listed At Local School

The following students, on the basis of their outstanding scholastic efforts, have made the first semester honor roll at Tahoe High School.

"Seriousness of purpose and the ability to discipline himself are important keys which open the door to success in school work. These young people are to be congratulated," principal William Sciutto said.

ROTARY WILL HOST LADIES MARCH 9TH

A ladies night dinner, followed by entertainment is being planned by members of Truckee Rotary Club, convening at 7 o'clock in the Alpine Riverside Hotel in Truckee.

William Randall will be program chairman for the evening.

No meeting of the group will be held on February 23 due to the Washington's birth date week end. The next regular meeting will be held March 2.

ART CLASSES GROW; OTHERS ARE INVITED

Mrs. Eugene Welch reports that attendance at the weekly meeting of the local art club is growing and interest, particularly among the younger people, is gaining.

The club meets every Tuesday evening from 7 to 8:30 at the Jolly Studio and everyone interested is invited to attend. Information may be obtained by calling Mrs. Welch at the Welch Hardware store.

WYETHIA CLUB WILL HOLD FRIDAY MEET

Mrs. William Randall will preside at the meeting of the Wyethia Club to be held at 8 p.m. to-morrow evening.

A house committee will be selected during the regular business session and refreshments will be served.

Mr. and Mrs. James Walker of The Toggery, Mr. and Mrs. I. Firpo of Cabona's and Mr. and Mrs. Angelo Besio of Besio's Apparel Shop attended a showing of spring styles at Reno during the week end.

Continuing Storm Brings Moisture Close To Normal

Storm Fails To Live Up To Dire Predictions Of Forecasters

Despite dire warnings from the weather bureau and "scare" headlines in the newspapers and repeated reports of a major storm moving in off the coast, only 15 inches of snow fell in Truckee during the past week, the U.S. Forest Service reported.

The wet snow and rain falling Sunday and 3.26 inches of precipitation was recorded to bring the total for the month to 6.92 inches compared to a normal for the entire month of 5.29 inches.

Total precipitation for the season is 17.26 inches and the normal for the end of February is 19.43 inches, which indicates a normal winter thus far.

There are 22 inches of snow on the ground in Truckee compared to 33 inches on this date last year.

The temperature last Friday dropped to a new low for the year when the mercury went to nine below zero. The high for the week was on Monday when 41 degrees was recorded.

Streets and highways were kept open but traffic was slowed and chains were required over Donner Summit.

AIRPORT COMMITTEE STUDIES ALL PLANS

The Truckee Tahoe Airport District board of directors met Tuesday evening at the public utility district office to review activities and make plans for the future.

The board is studying a number of proposals which might result in the activating of the airport near here, among them a proposal to lease the field to private owners who would develop the port as an agent for the district cooperating with the CAA in costs. Norman Hanson, engineer for Wilsey and Ham of Millbrae, attended the meeting to discuss the survey recently completed.

Members of the board present were Chairman Zeph Rose, Lee Apple, Fred Schultz, Rex Reid and Walter Speeter. Mrs. Eve Hallett was acting secretary.

NINTH CANDIDATE ON BOARD FILES PAPERS

One additional potential candidate for the four vacancies to be on the board of directors of the Truckee Public Utility District has filed nomination papers. He is Lauren Russell well known local businessman.

Previously filed were petitions of the four incumbents, Dr. Ben King, Jack Neugebauer, Dan Horman and Hal Welch and Jack Ellis, Ray Harsten, Cecil Edmunds and Charles Vind.

February 27 is the final date for filing for the election on May 5.

SUPERVISOR UNHURT IN FREAK ACCIDENT

Supervisor H. G. Loehr escaped injury but the windshield of his car was shattered and he was sprayed with broken glass in an accident Monday while en route to a board meeting at Nevada City.

In a blinding snow storm, Loehr's car struck a steel snow stake which had fallen at an angle across the right of way. The stake struck the windshield and completely shattered it. The mishap occurred above Five Mile House.

Loehr was shaken up but continued on to attend the sessions.

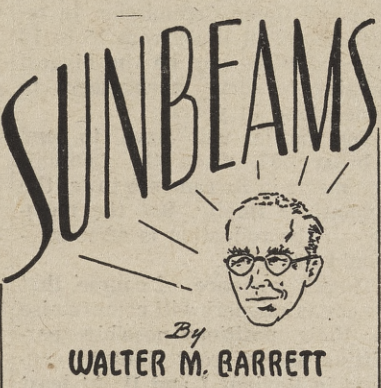

GIRL SCOUT LUNCH IS SET FOR FEB. 27

The Sierra Nevada Girl Scout Council will hold its annual lunch meeting on Friday, February 27 in the Mapes Hotel at Reno, Nevada.

Council officers will be elected at the business session and anyone interested in attending may make reservations by February 25 by contacting Mrs. Kenneth Hedlund at LU 7-3141, Truckee.

GUILD TO MEET

TAHOE CITY — Members of the St. Nicholas Church Guild will meet in the building at 8 p.m. Tuesday, February 24, Tahoe City. All are urged to attend.

Wolverines Drop Two More; Season Drawing To Close

Final Game Is Scheduled On Local Court For Saturday Night

By John Firpo

Sports Editor Tahoe Truckee High

There was no joy this week in Tahoe or Truckee as the Tahoe Truckee Wolverines again were the despondent victims of their opponent's onslaughts. Winnemucca was first in line to trounce the lowly Wolverines this week, 61-26 and remain undefeated for the current season. South Tahoe followed by drubbing the local hoopers 45-37 for their second victory over the TNT this season, establishing their position as ruler of the lake. Both losses put the Cardinal and White in sixth place in the Western Nevada "A" League with a showing of 2-8 and overall status of 5-10.

Friday the visiting Mountain Men traveled to Winnemucca where they were never really in the ballgame as they trailed 14-3, 35-11, and 48-18 at quarter's ends. The Buckaroos shooting and backboard control were not to be underestimated as they continually paid off in the victory. Tahoe Truckee could only muster half the field goals attempts as their opponents and the hitting percentage of those wasn't up to par either. Craig Robinson and Rex Donaldson each had eight apiece to lead the Mountaineers

Continued on Page 8

Pastime Hoopers Are Local Champs

The Pastime Club of Truckee last Tuesday unofficially clinched a tie for championship of the Truckee Athletic League by downing the Mariers Marauders 42-26. In the second game they got help from Browns Cafe who downed the St. Louis, 46-45, the St. Louis was the only team close enough to tie for the top spot, going into the tilt.

In other games Floyd Cooper led the St. Louis Cafe to a 65-42 win over the American Legion. Cooper had 32 points while teammate John Hughes chipped in 18.

Bob Tonini paved the way with 22 points as his teammates knocked off the St. Louis 57-51 last Thursday to remain the disputed leaders.

In the second contest that evening, Mariers Marauders edged past the winless American Legion, 45-40. Buster Marier had 23 for the Marauders while Mike Vieu tallied 15 for the Legionaires.

Tonight the St. Louis Cafe men meet the Marauders in the first game starting at 7:15 and in the secondary tilt the American Legion plays Browns Cafe. This will complete the regularly scheduled games except for a make-up game next Tuesday with the Pastime meeting Brown's Cafe.

Standings are:

Pastime	6-1
Browns	4-2
St. Louis	4-3
Mariers	3-4
Legion	0-7

EQUIPMENT TESTED BY LAKE FIREMEN

Work parties from the Donner Lake Volunteer Fire Department have been busy recently and have accomplished considerable work such as installing gas heat in the garage, installing the walls and ceiling, putting in electric wiring and providing hose drying rack.

The latter replaces the former method of using a pine tree. Hap Warnke has supplied a gasoline waterheater pump for the department in event the need arises.

The firemen, including Chief Emery Lander, Dave Tremayne, Warnke, Tom Bonano, R. Slate, P. Horman, I. Toft, Dr. Robert Affeldt, Charles O' Bear, Leo Zander and J. Herron, met recently for a drill and tried out the 500 feet of new hose and the new type of extinguishers.

The officers are pleased with the volunteer efforts by the small group and although the needs are still many, much progress has been made to provide the area with an adequate fire fighting unit.

HAS SURGERY

Mrs. Laurence Nelson underwent surgery at Tahoe Forest hospital this week. Her friends will be happy to learn of her complete health recovery.

Couple At Home

Mr. and Mrs. Ermin Hintz were confined to their home this week, Hintz suffering from a throat ailment and Mrs. Hintz recovering from a broken leg.

Ordinance Passed To Provide Two Hour Parking Here

Law Designed To Prevent Permanent Parking On Main Street

Sponsored by the Truckee Donner Chamber of Commerce, an ordinance providing for a two-hour parking limit on the north side of Commercial Row in downtown Truckee has been passed by the board of supervisors. Supervisor H. G. Loehr introduced the measure at the request of N. F. Dolley, chamber president.

The ordinance, Dolley said, will be effective only between the hours of 9 a.m. and 5 p.m. and is designed to provide more parking in spaces occupied for days by local people. Enforcement will be up to local officers and violators will be cited to appear before Judge F. W. Wilson.

At the same time, Dolley said the chamber is sponsoring a parking area where the old S. P. Hotel stood on the south side of the main street. This was accomplished through agreement with the Southern Pacific and the costs entailed will be paid by the local business people.

Dolley explained that the parking ordinance is aimed primarily at permanent parkers who have been using the main business section as a private parking area.

School Calendar For '60 Approved

By limiting holiday recesses to one day, instead of the usual two weeks period at Christmas time and Easter, the schools in the Tahoe Truckee Unified District will be able to close during February, the month of the 1960 winter Olympic Games and still get in the required 177 days between August 31 and June 16.

The school calendar for the 1959-60 year was adopted at the last meeting of the governing board.

The calendar provides for five holidays, Labor Day, September 7; Thanksgiving, November 26; Christmas, New Years and Decoration Day.

The facilities of the school will be used during February by officials and highway patrol officers attending the Olympics and many of the older students will be employed in various capacities at the games.

TV PROGRAM TELLS PLAN FOR OLYMPICS

Ten officials and representatives of the VIII Olympic Winter Games were featured on a special television broadcast Sunday afternoon detailing progress of the 1960 contests.

The program, an hour long, was presented over Station KCRA, Channel 3, Sacramento through the courtesy of Merle Hussong, whose program "Under the Capitol Dome" is viewed every Sunday. Films of the Cortina Olympics and of Squaw Valley were shown.

THREE ARE INJURED IN CRASH AT FARAD

Three people were hurt in the only major vehicle collision in this area during the past week.

In a rear end collision half a mile east of Farad Sunday afternoon, a car driven by Wilson L. Victor, 58, Sparks, was struck by one driven by Ray M. Plummer, 49, Santa Rosa. Hurt were Plummer, Rita F. Ray and Irene Victor, the later two passengers in the Victor car.

Victor said he slowed his vehicle to watch a deer on the hillside and it was struck by the Plummer car. Plummer was cited for speeding.

LOCAL GIRL ATTENDS NAVY TRAINING CLASS

LAKEHURST, N. J. (FHTNC)—Wave Glenda J. Haskell, airman apprentice, USN, daughter of Gerry Haskell of Truckee, is attending the aerographer's mate school at the Naval Air Technical Training Unit, Lakehurst, N.J.

The 13-week course trains students to operate all standard aerological equipment necessary for making weather observations. The graduates of the school are qualified for advancement in rating in the aerology field.

The class is scheduled to be graduated April 17.

FOOD SALE

A food sale will be held at Welch's Hardware Store on Saturday, February 21st from 10 o'clock until 1 o'clock by the Truckee members of the Advisory Board of Rainbow for Girls. The sale will offer an opportunity to purchase home made cakes, pies, salads, chile beans, cookies and candy.

The daily average maximum temperature in San Francisco is 62.3 degrees.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern:
Subject to issuance of the
license applied for, notice is here-
by given that the undersigned pro-
poses to sell alcoholic beverages at
the premises, described as follows:
E-S Bridge, N of Church St.
Intersection, Truckee, Nevada
County.
Pursuant to such intention, the
undersigned is applying to the
Department of Alcoholic Beverage
Control for issuance on original
application of an alcoholic beverage
license for these premises as fol-
lows:

In 1938 the first operational
radar to be installed in a U. S. Navy
ship was placed in the USS New
York.

ON-SALE BEER LICENSE

Anyone desiring to protest the
issuance of such license may file
a verified protest with the Depart-
ment of Alcoholic Beverage Con-
trol at Sacramento, California,
stating grounds for denial as pro-
vide by law. The premises are
not now licensed for the sale of
alcoholic beverages. The form of ver-
ification may be obtained from any
office of the Department.

Dorothia and Woddie W. Sparks

SACRAMENTO — (CNS) — The
announced intention of California's
Fish and Game Commission to re-
duce the trout limit from 15 to 10
fish statewide may be the biggest
blessing for deer management to
come along in years.

The battle will have to end
February 27, when the Commis-
sion meets in Sacramento to set the
regulations finally. But the mem-
ory—if the reduction is effected—
should linger on.

There's a chance, of course, that
the commissioners will compromise
on their position—possibly per-
mitting the 15-trout limit to con-
tinue in Regions I and II. At least
two commissioners—Henry Cline-
schmidt of Redding and Thomas
Richards, Jr., of Sacramento—are
known to favor such a split.

As the battle lines are forming
in the great debate, it might be
well to state a few of the positions
that will be presented.

There will be many, for instance,
who will recall that the license
fees were hiked in 1957, two dollars
for trout fishermen. They'll want to
know why, with all the new money
from trout fishermen, the program
now must cut back.

On the other side, there will be
those who will recall the license-
hike legislation include the \$100,
000 investigation carried on by
Booz, Allen & Hamilton. This ex-
pensive study concluded the realis-
tic limit, where catchable trout are
raised and released by the state,
would be five fish. Aware the pub-
lic probably wouldn't accept such a
large cut, the BA&H report said a
10-trout limit might be a good
interim program.

Others will contend there are
plenty of native fish in some in-
accessible lakes and streams—gen-
erally at high elevations. They will
object to being penalized in these
waters for the expensive catchable
program. In addition, they will
object that a day or possession
limit of 10 trout would not justify
a several-day pack trip into the
wilderness.

We would put in our oar that a

lower limit will not necessarily
spread the trout around, as the
department often claimed. And it
won't give many more amateur-
type anglers the satisfaction of
limiting out. Novices who can't
catch a 15-fish limit probably can't
go home with 10 either.

To-date, there has been no proper
showing that a variable limit would
not be feasible. Objections that es-
tablishment of various zones, or
various waters for certain limits
would make the law unenforceable
or, more serious, would rather put
up with a certain amount of con-
fusion in seasons and zones than to
be penalized with lower limits.

As for the proposal to have a
15-trout limit in the north and a
10-limit in the south, it generally is
coupled with a recommendation
that planting of catchables be con-
centrated in the 10-fish area. There
have been complaints in the past
that catchables were being planted
in native trout waters actually to
compete with the natives.

A check of statistics shows that,
as in many other things, the De-
partment has operated its catch-
able program along political lines—
planting fish where they might not
be needed in order to show on
paper that every area received
equitable treatment. In 1957-58, for
instance, about 40 percent of the
catchables were planted in Regions
I, II, and III, while 23 per cent went
into Region IV and 37 per cent in
Region V.

It would appear reasonable then
for sportsmen in Regions I and II to
forego the 11 and 20 per cent, re-
spectively, of the total catchables
which are planted in their areas, in
return for a continued 15-trout
limit.

Sportsmen and license buyers in
general may approach the Febru-
ary 27 meeting with the assurance
that the present commission prob-
ably is the best-balanced and most
reasonable one in some time. There
should be no undue influences of
organized sportsmen or by the de-
partment.

SACRAMENTO FIRM IS AWARDED CONTRACT

Sacramento — (CNS)—The state
department of public works has
awarded a \$4,787,742 contract to
A. Teichert & Son, Inc., Sacra-
mento, for grading and paving to
construct 7.8 miles of four-lane
freeway and three traffic separa-
tion bridges on U. S. 40 between
just east of Baxter and just east
of Emigrant Gap.

Interchange and traffic separa-
tion structures will be located
slightly east of Putt's Lake, at Blue
Canyon Rd., and at the road lead-
ing to Drum Forebay.

The contract is the first to be
let of three big U.S. 40 freeway
jobs included in the 1959-60 high-
way budget.

PAPOOSE PEAK GETS MAIDEN RACE TEST

SQUAW VALLEY — Papoose
Peak, Olympic mountain for the
women's slalom and giant slalom,
underwent its maiden racing test
Sunday.

The boss of the 1960 ski events
called it the best race he has seen
this winter.
Willy Schaeffler, Olympic ski di-
rector praised the handling of the
Bay Area Ski Federation giant
slalom event and expressed the
hope the officials "do as well in
two weeks in the North American
Championships."

The Naval research laboratory
employs a radio tracking system
known as "Minitrack" to track the
earth-circling satellite.

NOTICE OF GOVERNING BOARD MEMBER ELECTION AND COUNTY BOARD OF EDUCATION ELECTION

One member of TAHOE TRUCKEE
UNIFIED SCHOOL DISTRICT
Two Members of PLACER COUN-
TY BOARD OF EDUCATION
NOTICE IS HEREBY GIVEN TO
THE VOTERS OF THE ABOVE
DISTRICT OR DISTRICTS OF THE
County or Counties of Placer and
Nevada, California, that the An-
nual Election for members of the
Board or Boards of the said district
or districts will be held on the
third Tuesday of May, namely,
May 19, 1959, for the purpose of
electing the number of members
of the governing boards of the
districts as indicated above.

The polls will be located at:
PRECINCT NO. 1—Donner Trail
School, Kingsvale.
PRECINCT NO. 2—U. S. Postoffice,
Floriston.
PRECINCT NO. 3—Kings Beach
Elementary School.
PRECINCT NO. 4—Tahoe Lake

Elementary School, Tahoe City.
PRECINCT NO. 5—Truckee Ele-
mentary School.

The polls will be kept open be-
tween the hours of 7:00 o'clock
A. M. and 7:00 o'clock P. M.
The election returns will be can-
vassed at 10 A. M. o'clock on May
29, 1959, by the county superin-
tendent of schools at 138 Maple
Street, Auburn, California.

Deadline for the receipt of ab-
sentee ballots is May 29, 1959.

Forms for declaration of candi-
dacy may be obtained at the of-
fice of the county superintendent
of schools, 138 Maple Street, Aub-
urn, California. The last day for
filing declarations is April 17,
1959.

Dated: February 9, 1959.

ALBERT F. BEQUETTE,
County Superintendent of
Schools.

NORTH TAHOE

By JUDGE HARRY CHARRISON

WEATHER

During this past week the weather has been a mixture of everything possible, it started off with warm sunshine—then we had a big snow storm to be followed by a drenching rain through the whole area from one end to the other and now at noon on Monday the sun is shining brilliantly. More snow has been predicted.

ANNIVERSARY

Alice and Andy Sorensen celebrated their 34th wedding anniversary on the 12th of February. Congratulations to you both. Over the past week end they had as guests Roy and Suzie McMillan with their three children who include their grandson Gregory. They returned to their home in Pasadena on Monday. Too bad the weather was so bad for them during their stay, but according to Suzie and Roy they enjoyed every minute of it.

MARCH OF DIMES TOTAL

According to Wiley Jones the collections for the March of Dimes

for the North Tahoe Area was \$2,380.80. The two outstanding contributions sent in by the Lake Tahoe Lions Club and Brockway Rotary Club. The above amount was double that of last year's contributions, thanks to our many friends and neighbors of the North Tahoe Area for their most generous support, also for the excellent help of the VFW Auxiliary Post 7077.

NEWCOMERS CLUB

The Newcomers Club headed by Maxine Backus, as president, has held several meetings at Crystal Bay and are certainly making great strides in making this new club a success. Watch the paper for information regarding the progress of this club.

HAT PARTY

Ladies don't forget the hat party on March 2nd—be sure to attend and enjoy the usual fun.

SQUAW VALLEY

This weekend should show to everyone what we can expect in 1960 Olympics as many people will be on hand to watch the championships which will include stars from many nations. Many hotels are becoming filled with prospective

CITIZENS GROUP ON CURRICULUM MEETS

The Citizens Committee for Re-evaluation of the High School Curriculum met recently at Tahoe-Truckee High School. Elmer Brown, chairman, opened the meeting, and introduced the guest of the evening, Herbert Obexer, a member of the board of trustees of the Tahoe-Truckee Unified School District.

A variety of subjects was brought under discussion, including whether a full-time remedial reading specialist should be employed to help students who have reading problem, particularly in the high school. Members of the committee agreed that problems in other courses are often due to lack of reading skill on the part of the student.

The teaching of science was also discussed, and it was agreed that the Tahoe-Truckee High School has an excellent science department with the following courses offered: one year of general science, one year of biology, one year of chemistry, one year of physics, three years of electronics, and a course in the advanced science of mathematics for students who wish to work in-

dependently on projects of greater technical difficulty.

Max Williamson, committee member from Donner Summit, gave a report on a new method of teaching physics, developed by a group of high school and college teachers.

The committee also discussed the subject of curriculum coordination. By this is meant the attainment of a unified sequence in all courses of study from the first through the 12th grade. Other school systems have felt the need for a full-time curriculum coordinator, a specialist whose job is to plan a well-regulated, sequential curriculum through all grades. The committee raised the question as to whether such a specialist is needed in our district.

TAHOE TRUCKEE SCHOOL NEWS

TRUCKEE ELEMENTARY

KINDERGARTEN: In January we celebrated three six-year birthdays. The honored ones were Kenneth Grady, Darlene Dykstra, and Patsy Goldsmith. During February Donna Horman, Benny Garcia and Gary Grow will be six.

FIRST GRADE: We had a very successful Valentine party. Delicious refreshments were provided by Mrs. Kenneth Turner, Mrs. Elgin Johnston, and Mrs. Paul Doyle. Prizes for the musical heart game were won by Joy Frates, Larry Doyle, and Deborah Abrell.

Second Grade: Best spellers on the day of the Valentine party were: Brian Smart, Michelle DeLisle, Jeffery Jellin, Curt Mullis, Joe Merica, Terry Higgins, George Franceschini. The party was given by the room mothers Mrs. Leamon, Mrs. Richards, Mrs. Stowe, Mrs.

Jellin, and Mrs. Franceschini sent a Valentine cake.

The second grade observed Lincoln's birthday also. Silhouettes were made of Abraham Lincoln and George Washington.

THIRD AND FOURTH GRADES: In our most recent arithmetic test in fundamentals, 100 per cent was made by the following: Dana Scanlon, Lenny Vind, Jill Wurst, Pam Horman, Rod Farley, Phillip Risden, Karel Sauby, Bill Rose, and Elgin Johnston.

Our room mother, Mrs. Jack Melugin, planned a lovely Valentine party for us. We're sorry she was unable to attend.

FOURTH GRADE: Russell Glenn presented an interesting discussion based on the "Book of Nations". Perfect papers in spelling were written by Darlene Doolittle, Heidi Euer, Billy Hobbs, Beverly Holleman, Bruce King, Tim McLane, Marianne Moore, Craig Mullis, Sharon Petersen, Dennis Richards, Terri Richards, Ronnie Walker, and Billy Waters. We wish to thank Mr. Charles Snow for letting us borrow

the interesting display of the San Francisco Bay Bridge. Also, we wish to thank Mrs. Ben King and Mrs. Victor McLane, the mothers who assisted us with the Valentine party. On Lincoln's birthday fine reports were given by Billy Waters, Billy Hobbs, Chris Foster, Darlene Doolittle, Craig Mullis, Gail Englehart and Tim McLane.

FIFTH GRADE: The fifth grade celebrated a Friday afternoon Valentine party and as the fifth grade put it; it was a "ball". Refreshments galore were provided by Mesdames Nelson and Walker. Diana Pankoke and Anne Morey provided entertainment with a baton twirling exhibition. Dancing ended up the afternoon festivities.

SIXTH GRADE: Seventeen out of twenty-three pupils received 100 per cent in spelling today. All papers were very neat and the penmanship very good.

Class officers for the month are: David Sorani, president; Ardene Foster, vice-president; Jimmy Roth, secretary-treasurer.

We received a new classmate this week, Willi Gomez. He is from Mexico and does not speak English.

KINGS BEACH SCHOOL

The following children were nominated for the respective student body offices:

President: Jimmy Hilgesen, Ricky Krips, and Harry McIntire.

Vice-president: Kathy Ploof Wendy Boatmen, and Bruce Templeton.

Secretary: Karen Kritchley, Marie Wainscoat, and Gregg Moore.

Treasurer: Estelle Howell, Dana Newstead, and Sandra Snyder.

Serg. at Arms: Robert Axelsson, Ronnie Baker, Art Waddell, and Larry Free.

Second Grade: Kathleen Critchley and Shelley Wilson made the Valentine box for our classroom.

The following children received 100 per cent in their weekly arithmetic test: Lyle Draney, Cathy McIntire, Kathleen Critchley, Shelley Wilson, Steven Krips, Ellen Dennis, Jennifer Hoffman, Gregg Gunkel, Sandra Martin, Madelyn Mullis, Tony Combs, and Mickey Barker.

THIRD GRADE: Abraham Lincoln's 150th birthday anniversary was the subject of our writing and reading lesson. Janice Wing drew a large picture of Lincoln on the blackboard and the rest of the class copied it.

We all made original Valentines and decorated a box for our Valentine party.

SIXTH GRADE: Sharon NyBlom and Katie Schweizer have been decorating a bulletin board expressing February holidays.

Four girls were found guilty at Kangaroo Court. They are Marie Wainscoat, Nancy Bervid, Lisa Davis, and Holly Shaw. They did not do all the things the boys told

WHAT DO YOU KNOW ABOUT YOUR VISION?

By Albert J. DeMers, Optometrist

Grandmother told the girls in her family, "Have your ears pierced to strengthen your eyesight." The aviation cadet said, "come on fellows, let's finish these carrots so we can pass the eye test tomorrow."

Such fallacies as these may be harmless enough. But many notions and fears about vision have serious consequences. Thousands of people live much of their lives with inadequate vision, unnecessarily affecting health and happiness in far-reaching, and undreamed of, ways.

Eighty percent of man's knowledge comes from vision, it has been said. Whatever the percentage actually is, it is vision that predominates. This is a world of seeing; man has designed his part of it to please his eye, the printed word, the signal light, the automobile, the movies, are for those who see.

Yet, the average person has very meager information about his vision, though he is almost totally dependent upon his eyesight to earn his living.

The following series of articles will describe the things you should know to make your vision most useful. They will deal not with the rare and improbable, nor perhaps the most dramatic, but with the real, everyday knowledge each person should possess.

The development of visual defects is not remote; if you don't have troublesome vision today, you will tomorrow. By the age of 12, twenty-five percent of all children have some visual problem. At the age of forty, the number has increased to two out of every five. Beyond that, sometime in middle life, every person in the United States, almost without exception, will require visual care—that is if he wants the kind of productive and joyful vision which is possible.

them to do and were sentenced to scrubbing a lunch table with a sponge about one inch square. The judge was Ronnie Baker, the jury, Sharon NyBlom, Penny Clarke, and Robert Axelsson.

We had only nineteen students attending class Tuesday. They were Ronnie Baker, Wendy Boatman, Carl Brooks, Penny Clark, Donnie Decker, Susan Graton, Raymond Hill, Bob Holley, Estelle Howell, Eddie Hoff, Gary Hubbard, Larry Ingram, Sharon NyBlom, Jayne Shontz, Holly Shaw, Linda Sprague, Art Waddell, Marie Wainscoat, Donald Hopkins. We have missed two days of school already and some people didn't think there would be school today. Others may have been snowed in. Otherwise we would have had more students.

Sunday school, 9:45 a.m. Pre-school through high school and adult classes.

Morning worship, 11 a.m.

Sunday evening, 7 p.m.

Senior M.Y.F. Thursday evening 7 p.m., Christian adventure. Fellowship. (7 and 8 grades).

This Sunday Rev. Langguth will present the second in his Lenten series of sermons on The Lord's Prayer, "Thy Kingdom Come . . ."

For what we are praying is asking God to bring in the fullness of His Kingdom? Do we mean what we are praying?

At 9:45 each Sunday morning Sunday School, the traditional Protestant institution for religious education, meets for all ages. Does religious education—the growth in the Christian faith—stop with childhood and youth? Or is there a place for adults to go onward in their understanding and growth in Christ? One of the problems with people who are indifferent to religion is that the religion to which they are reacting is the partial one of childhood, not the mature faith of the adult years. Rev. and Mrs. Langguth are conducting the adult class each Sunday morning, and it is particularly designed for the parents of the children attending classes at the same time. Everyone is invited. Don't send your children to Sunday School, bring them!

Then, every Wednesday morning at 10:00 o'clock and every Friday evening at seven the Pastor's Bible Class is meeting. The Bible is the Word of God, spoken against the background of human events. Oftentimes the Bible is less than clear to us because we have not understood its nature and background. You are invited to come and join with us as we begin the study of the Gospel of Luke.

TRUCKEE BIBLE CHURCH

(Non-denominational)

Roy S. Rhoades, Pastor

Sunday school, 10 a.m.

Morning worship, 11 a.m.

Sunday Evening Fellowship at the home of the pastor.

Tuesday afternoon 1:00 o'clock Bible study.

At this pre-Easter season of the year we would like to take the opportunity to extend a cordial invitation to all who have no permanent church home to worship with us. Next Sunday the pastor will begin a series of Lenten messages on The Sayings of the Saviour on the Cross the first of which will be, "Forgiveness".

CHURCH OF THE MOUNTAINS (Methodist)

John Albert Taylor, Pastor

Morning worship, 11 a.m.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern:

Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows:

Junction Hwys. 40 & 89, Truckee, Nevada County.

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance by transfer of an alcoholic beverage license for these premises as follows:

ON-SALE GENERAL LICENSE

Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages. The form of verification may be obtained from any office of the Department.

George W. & Kathleen M. Fowler

Beginning Sunday, March 1, 1959, all church school classes will convene at 9:45 a.m.

About twenty centuries ago a child was born of peasant parents in an obscure village in Palestine. He grew to manhood and became an itinerant preacher along the shore of the Sea of Galilee. The

years which have followed this person's life on earth have shone his mark. Surely, no man has so affected mankind. Sunday Pastor Taylor will continue the Lenten Series "What Can We Believe about Jesus?"

Why live in a house
with INADEQUATE WIRES

Inadequate wiring in your home results in a lot more inconvenience than a wobbly auto ride. Your electrical appliances don't function properly. Proper illumination is difficult. Many people discover that such comfort-giving appliances as air conditioners, electric ranges, automatic washers and dryers cannot be installed because of inadequate wiring. And there's always the danger of fire caused by overloaded circuits and insufficient electrical outlets.

Prepared as a public service by
Allis-Chalmers Committee on
Adequate Wiring.

The
best-known
secret
in
brewing

Since before the turn of the century, brewing authorities in Europe and this country have agreed that a common link exists between the world's great beers. Whether brewed in Bavaria, the British Isles or America, beers with world-wide reputations for quality always have been found to possess brewing waters of exceptional character and unchanging excellence. These rare waters are capable of extracting from select hops and grains the most delicate flavors and aromas. One such water flows cold and clear from Olympia's own artesian wells. It is this rare, naturally perfect brewing water that makes the refreshing difference in light Olympia Beer.

the one
priceless
ingredient
"It's the Water"

STRICTLY STRICKLAND

By Bill Strickland

Radio Station KOLO-Reno had their mobile units in position for broadcasting, mike men were standing by to give a running and authentic description of events. Contestants were standing by waiting to be called to the starting tee. Before them were 18 holes of the Washoe County Club-Par 72. These contestants were shooting for a par 59 though for 54 holes. Five-nine for 54 holes? What kind of golf is that? The first man off, shanked his pole and landed in the rough? Players going through called track, instead of fore. Others taking a divot with their ski tips and landing in a sand trap, and trying to blast out with a ski pole instead of a wedge. Golf? No! The opening event of the University of Nevada's Winter Carnival was under way. And, for the first time, in its 20-year history, part of it was being held within Reno's city limit. Too much snow on the Galena Creek course. 54 holes was equal to twelve kilometers or seven and one half miles.

Fifty of the finest slat men in the eleven western states were vying for top honors. Twenty five were possibly looking toward the 1964 Olympic competition. Eight from the West Coast were racing for recognition for the 1960 Olympic Team.

All were trying to shatter that 54 hole Par 59—and 21 of them did—fore!—I mean "Track!"

Ted Farwell placed 2nd in the total field. A 28 year old veteran of two Olympic Games, and a member of last year's World's Team; Farwell will again be a strong contender.

Right behind Ted was the 1957 Jr. Cross country runner-up, Bob Gray, a 20 year old Canadian boy, now skiing for Denver University. With the exception of the above two runners, the top ten was dominated by exchange runners from Norway, Sweden and Finland. They, of course, are not eligible for the Olympics; so that allowed John Cress to place 3rd. John, a Denver University graduate and 24 years old, appears to be the F.W.S.A.'s top candidate for the classic combined. He had jumped 280 feet on Squaw's 80 meter hill—that's getting out there. Right behind John was Rolf Godon, a 23 year old graduate student of San Jose State, trying out for the 15 and 30 kilometer squad. Right on Rolf's heels was 18 year old Bob Strickland from Soda Springs. Bob is a 4-year ski letterman from Truckee High School. A member of last year's Junior National Team, and our point of view, this year's Junior National Champion.

Two Washington University boys followed, then Doug Salter, University of Nevada's top competitor—Doug is a sophomore, a member of last year's Junior National Team and a real contender. Doug's teammate, Harry Ericson, is sure to go to the training camp also... he was one day out of a cast—Friday; so, of course, did not compete—but may be ready for the North American's on February 28 and March 2.

Present F.W.S.A. candidates appear to be John Cress, Bob Strickland, Rolf Godon, Harry Ericson

and Doug Salter.

At the conclusion of the first event led in team standings followed by Wenatchee, British Columbia, Montana State, Washington, Nevada, California, Chico State, Sierra College, San Jose State and Stanford.

Denver was the pre-tournament favorite with outstanding men in all four classifications — jumping —Downhill and Slalom as well as Cross Country.

Auburn High school postponed their schedules meet for Sierra High School teams and Junior Nordic points. It was to be held in the Sugar Bowl but at last report snow was hip deep, and still coming down. It will be scheduled for later in the season and will now, no doubt, be held on the Auburn Ski Club Hill at Cisco.

Sierra resort owners were plenty worried because of a snow shortage—now, it's almost the opposite. A six foot blanket has taxed the division of highways crew to stay abreast of the storm. It was nip and tuck Wednesday, but, as usual, the big rotaries and their operators won out. Sugar Bowl now has 8-14 feet. Donner Ski Ranch 8-11 feet. Soda Springs 8 to 12 feet. Sierra Lakes 8 to 12, Rainbow Tavern 6 to 9 and Auburn Ski Club 5 to 8. Reno Ski Bowl 7 to 14. Squaw Valley 7 to 12. Heavenly Valley 4 to 9. Powder Bowl 7 to 12. Granlibaaken 6 to 10. Truckee Hilltop Lodge 3 to 5. Mt. Rose Bowl 6 to 10. Echo Summit 7 to 10 feet. Sierra Ski Ranch 6 to 9. Edelweiss 6 to 10 feet. That comprises the Sierra Loop. Did you realize there were 16 separate Ski Areas in the Loop? All of these resorts are within a thirty-mile radius from the Truckee Hub, and the combined investment is probably in the neighborhood of thirty or thirty-five million dollars.

Skiing, as a business, has come a long way since our "Model T" powered rope tow and lodge on Donner Summit in 1937.

Washington's Birthday Holiday and the North American Championships at Squaw Valley will cause one of the largest crowds ever, to be in the Sierras next week. International teams are beginning to arrive, snow compaction is in progress for parking, crews are foot packing the race courses and the jumping hills. All is almost in readiness. The N. A. is not necessarily a competition event, but rather a first hand chance to test the facilities and eliminate any bug that might pop up. The biggest test to our way of thinking will be the flow of traffic in and out, with the all at the same time arrivals, and then some eight to ten thousand travelers trying to get home Monday afternoon and all at the same time, 4,000 cars over Donner Summit between 4 p.m. and 7 p.m. Bill Strickland, believe me, is going to make a point of being someplace else.

Results of Nevada's Winter Carnival are indefinite because of postponements. The downhill, scheduled for Saturday morning, could not be held. An avalanche filled the access road clear up to—well, quite a way up, anyway.

The committee was able to get the slalom under way, however, at Mt. Rose Bowl. Denver University increased it's first day lead by taking first second and fourth.

Quite a blow was dealt to the prestige of Alpine skiing from Donner Summit, when Starr Wal-

JOHN CORBIN WILL ADDRESS PTA MEET

TAHOE CITY — The meeting of the Tahoe Lake School P. T. A. will be on February 26 at 7:30 in the Community Center.

The speakers of the evening will be John Corbin, Tahoe-Truckee School District superintendent. His subject will be "Our Growing School", Mrs. Floyd Woodworth of Auburn, president of the 3rd district California Congress of Parents and Teachers Association will talk on "The Advantages of P.T.A."

There will be baby sitters provided at the Tahoe Marina behind the post office.

Everyone is invited to attend this very important meeting.

ton suffered a bone fracture in her foot. It will not keep her out of competition for more than a month or six weeks, but it will preclude her competing in three of the big national races.

We're all truly sorry, and wish her a speedy recovery. She is one of the outstanding skiers in the U.S.A. with an extreme desire to compete and win. Don't think it will slow her down, but merely delay proving she is one of the finest. Keep your chin up Starr, you'll still take them!

In 1934 the world's first radar apparatus was developed at the Naval research laboratory.

THE BIG NEW SUNDAY BEE

Good Reading for the Entire Family

NEWS SECTIONS . . .

Featuring news around the world: local, state, national, international. Art Buchwald writes again as he roams the world taking the international set to task. Arthur Robinson pens another memento of the sports world.

FEATURES . . .

Dr. Rudolph Marx authors this week's American Heritage column with an illuminating health history of George Washington. Nearly 160 years after his death, doctors are still debating the cause of the death of the father of our country. The writer of Occupation: Housewife, Dolly Reitz, pens another of her amusing bits on home life. Another of the many features in the big, Sunday Bee: The Good Old Days, a warmly humorous peek into the day before yesterday.

ALPINE NIGHT

The Snow Flake Restaurant at the foot of the Soda Springs ski hill will be the location of the Swiss "Alpine Night" dinner and party on February 21. The menu

will feature such appetite teasers as foncues, mixed rucksack a traditional dish among winter sportsmen, klister pudding, blackworst, bock-beer and many more tempting dishes. We are looking forward to seeing you and your skiing friends there.

SNOW LABORATORY

A near complete change of employees has been experienced at the Central Sierra Snow Laboratory this past week. The operation is

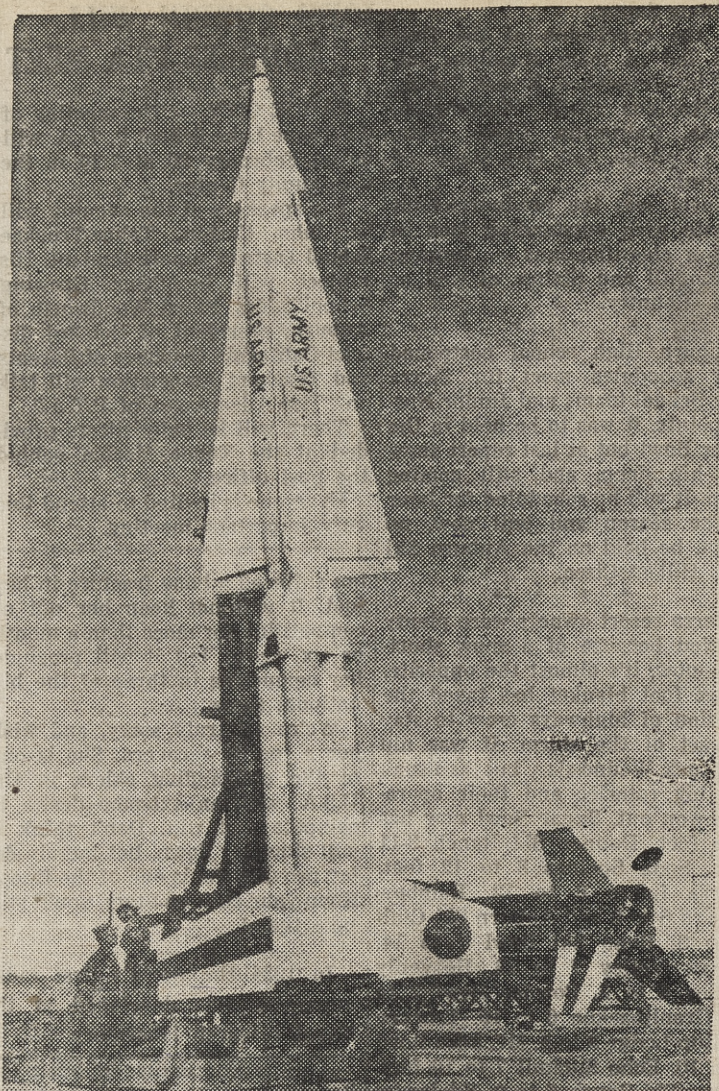

now under the direction of Allen West, who with his wife, Joyce, and young son, has moved into the apartment adjoining the laboratory. Mr. and Mrs. Kenneth Konerr, who previously occupied the apartment have been transferred to Berkeley where Ken will do analytical work. Bill Garbe, Terry Lapp and Mike Woodside have enrolled in the pre-forestry course at Sierra College in Auburn. A welcome has been extended to Johnny Andrae of Berkeley who has been employed to assist West in the operation of the laboratory.

WELCOME LESLIE

Soda Spring residents warmly welcomed little Leslie Ann Simmons, who came to her Soda Springs home with the James Simmons family on St. Valentine's Day following her birth into the world at 1:30 a.m. on February 11 at the Tahoe Forest Hospital weighing 6 pounds 5 and one fourth ounces. On hand to welcome Leslie following her arrival by snow cat were her older sister, Mimi, and two grandmothers, Mrs. Meriam Ashe, and Mrs. Jean Simmons both of Berkeley.

NO SCHOOL

The halls of the Donner Trail School rang out with the cheers of "no school today" as students were told upon their arrival Tuesday morning that they would be returned to their homes because of the heavy snow which was fall-

NEWEST PLANE KILLER—Publicly triggered with deadly effect at White Sands Missile Range recently, the Army's Nike-Hercules has already, as of early July, begun to replace the Ajax at sites in the Chicago, New York, and Washington-Baltimore areas. Unlike Ajax, it can carry a nuclear warhead.

ling. The highway station located at Donner Summit did not know how rapidly the storm would progress and thought it advisable to get the school bus off the road while it was possible. Wednesday also was an unplanned holiday because of the continuing storm, which was strong enough to cause the highway over the summit to be closed for short periods. The Central Sierra Snow Laboratory tells us that this storm which continued intermittently through Thursday brought 60 inches of light powder snow down on the area.

NAHEN KLUB

Because of the local snow storm the girls of the Nahen Klub decided to postpone their meeting this week. Patty Kelly had invited the group to her home for the meeting which was to be combined with a Valentine Party.

BELDEN SPEAKS

Recently teachers of the Tahoe Truckee School District were privileged to hear Dr. B. Belden of Chico State College education department speak on the subject of language arts in the elementary school. Dr. Belden pointed out the fact that many students entering college are found to be deficient in their use of English. As a solution to this situation three points were discussed. The first being the fact that the language cultural level in many homes and communities is low.

SUGAR BOWL

Heavy snow fall this week and on Saturday and Sunday resulted

in the postponement of the California-Nevada Interscholastic Ski Federation Championships which were to have been a four-way meet. The Standard Eagle Race set for Sunday March 1st. No new date has been set for the California-Nevada Interscholastic Ski Federation Championships.

CAST OFF

Miss Patty Kelley of Soda Springs who broke her right leg when she hit a stump while skiing, has had the walking cast removed from her leg. As yet her physician will not allow her to walk on the limb so she is walking with the aid of crutches.

JOHNSON NAMED ON WATER COMMITTEE

WASHINGTON — Congressman Harold T. (Bizz) Johnson, second district, has been appointed to the water resources committee of the California Congressional delegation.

The committee will consider matters of importance to the state, meet with visiting delegations and make recommendations to the entire California membership in connection with mutual problems involving possible legislation, and dealing with federal agencies.

NOTICE OF SALE

Under and by virtue of an execution issued out of the Superior Court of, in and for the County of Alameda, State of California, on the 23rd day of January, 1959, in an action numbered 284798 wherein W. A. Blackford as plaintiff recovered judgment against J. E. Bledsoe and Evelyn V. Bledsoe, his wife, defendants, on the 24th day of January, 1958 for \$5,682.65 dollars, lawful money of the United States of America, with costs of suit, and commission and fee of levying officer added thereon I have levied upon the following described property, to wit: Real Property in Nevada County, California, described as follows:

Lot 4 in Block A, Donner Woods No. 1 as shown on the map thereof filed in the office of the County Recorder of Nevada County, July 15, 1958, in Book 1 of Maps at page 90.

Which said real property stands in the names of James E. Bledsoe and Evelyn V. Bledsoe by virtue of deed from Myron B. and Elaine L. Clough dated September 28, 1957, and recorded September 30, 1957 in Book 237 of Official Records of Nevada County, page 261.

And notice is hereby given, that on Wednesday, the 11th day of March, 1959, at 10 o'clock a.m., in front of the Truckee Sheriff's Sub-Station, Truckee, County of Nevada, State of California, I will

sell all the right, title, and interest of said defendants, J. E. Bledsoe and Evelyn V. Bledsoe, his wife in and to the above described property, or so much thereof as may be necessary, at Public Auction, for cash in lawful money of the United States, to the highest and best bidder, to satisfy said execution and all costs.

Dated at the Sheriff's Office, Nevada County, this 31st day of January, 1959.

WAYNE BROWN, Sheriff
County of Nevada

HIGH SCHOOL GOING THROUGH STATE TEST

Tahoe Truckee High School is now in the process of going through the California Plan of Accreditation, Superintendent John Corbin announced.

The only accrediting agency heretofore has been the University of California and the measure used in the success achieved by the high school's graduates who directly enter the University of California. This method has many limitations, the main one being that accreditation is based only on the work of a very few of the school's enrollment, he explained.

The present accreditation plan involves the study of the entire school program and provides a basis upon which to make improvements which will benefit the operation of the entire school program. Tahoe Truckee High School faculty, students, and administration has been gathering information to present the visiting committee since the beginning of the school term, Corbin added.

WINTER IS DELAYING TAHOE CONTROVERSY

AUBURN — Surveyor Norman Andregg estimates he will not be able to stake the controversial beach in the Woodvista Subdivision, Lake Tahoe, until after the snow melts in the spring.

The staking has been ordered by the board of supervisors, which claims private property owners of lake front land are encroaching on the public beach.

In addition to marker stakes, the board ordered three roads leading to the beach from State Highway 89 staked and marked as public right of way. The beach is scheduled to be posted as public.

Supervisors have ordered private owners to remove fences and walls erected on the beach. They indicated bulldozer may be used this summer to insure that the 1,500 foot long beach is opened to the public.

The board instituted a system of year encroachment permits for owners of the 11 houses located partially or completely on the beach.

Attorney for Administrator
IN THE SUPERIOR COURT OF
THE STATE OF CALIFORNIA IN
AND FOR THE COUNTY OF
NEVADA

IN THE MATTER OF THE ESTATE
OF MARY E. NYE, Deceased
No. 5834

NOTICE OF ADMINISTRATOR'S
SALE OF REAL ESTATE AT
PRIVATE SALE

Notice is hereby given, that Albert J. Ahearn, administrator of the estate of Mary E. Nye, deceased, will sell at private sale to the highest bidder, upon the terms and conditions hereinafter mentioned, and subject to confirmation by said Superior Court, on or after Tuesday, the 3rd day of March, 1959, all the right, title, interest and estate of the said Mary E. Nye, deceased, at the time of her death, in and to real property hereinafter described, and all the right, title and interest that the said estate has, by operation of law or otherwise acquired, other than or in addition to that of said deceased, at the time of her death, of, in, and to that certain parcel of land situate, lying and being in the County of Nevada, State of California, described as follows, to-wit:

All that certain real property situate in the County of Nevada, State of California, and described as follows:

LOT Twenty-eight (28) and Lot Twenty-Nine (29), Block "E", as per the Official Map or Plat of the Town of Truckee, County of Nevada, State of California, on file in the office of the County Recorder of the County of Nevada.

EXCEPTING THEREFROM all that portion of said lots lying Northwesterly from the following described line:

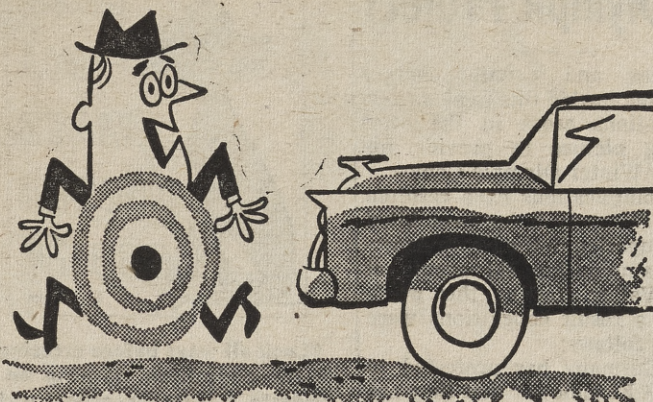

BEGINNING at a point from which the ¼ corner in the North line of Section 15, Township 17 North, Range 16 East, M.D.B.&M., bears South 75° 57' 59" East 678.62 feet, said point is also distant 112.00 feet Southeastly, measured radially from Engineer's Station "A" 88 | 50.00 of the base line of the Department of Public Works' Survey from 1 mile West of the Junction of State Routes 37 and 38 to near Boca Road III-NEV-37, 38-D. A (The California State Zone II co-ordinates for said point of beginning are X-2513.190.47 and Y-611.001.09); THENCE from said point of beginning, from a tangent that bears South 46° 53' 25" West along a curve to the left with a radius of 6,888 feet through an angle of 9° 58' 44", an arc length of 1,199.64 feet, (the chord of which curve bears South 41° 54' 03" West 1,198.13 feet) to a point distant 112.00 feet Southeastly, measured at right angles from Engineer's Station "A" 56 | 30.84 B. C. of said base line and Survey.

Terms and Conditions of Sale: Cash, in lawful money of the United States; ten per cent (10%) of the purchase money to be paid at the time of sale, balance on confirmation of sale. Deeds abstract at the expense of the purchaser. The purchaser to assume the payment of, and to take the property purchased by him subject to all the state and county taxes, and all assessments of whatsoever name or nature, which are now or which may become hereafter chargeable to or a lien against the property purchased by him.

All bids or offers must be in writing, and may be left at the office of Wm. J. Cassettari, attorney for said administrator at 123 East Bank Street, Grass Valley, California, or may be delivered to said administrator personally in said City of Grass Valley, County of Nevada, State of California, or may be filed in the office of the Clerk of this court at any time after the first publication of this notice and before the making of the sale.

Dated: February 4, 1959.
ALBERT J. AHEARN,
Administrator of the Estate of Mary E. Nye,
Deceased.
WM. J. CASSETTARI,
Attorney for Administrator.

SAFE WALKING TIPS

THE HIGH COST OF JAYWALKING

The jaywalker who crosses the street between intersections ranks as the No. 1 violator of pedestrian safety rules. Besides that, he is asking for a one-way ticket to the cemetery.

This practice causes more pedestrian deaths each year than any other, the American Automobile Association warns, and the reason is plain to see. When you cross between intersections, you forfeit the protection of traffic signals, stop signs and cross walks. In short, you're on your own—a target for any car that passes.

The AAA urges you to cross only at intersections, and then after you have looked carefully in all directions. Take advantage of the traffic devices that are provided for you. Don't be a pedestrian lone wolf. You may pay with your life!

From PLANNED PEDESTRIAN PROGRAM, published by The AAA Foundation for Traffic Safety

TWO DAMAGE SUITS FILED AFTER CRASH

Two damage suits were filed in the Nevada County Superior Court Friday against the Alfred G. McClude, Coast Transport Corporation, an Oregon company, by Fred Aschbacher and Norbert A. Fraga, who are seeking a total of \$70,000 for injuries received in a highway accident.

The plaintiffs charge that McClude drove his tractor and trailer in such a negligent manner on August 19, 1958, on Nevada county portion of U. S. 40 that he collided with them while they were driving a 1953 Pontiac. Aschbacher requested an award of \$50,000 for permanent injuries he received in the mishap, \$20,000 settlement is sought by Fraga.

The first successful cross-country radio transmission from an airplane was received by the Naval research laboratory in 1928.

BOBSLEDDERS STILL WANT U.S. CONTEST

ST. MORTIZ, Switzerland — The International Bobsledding Federation will ask that bobsledding be restored to the program for the 1960 Olympic Games and that the event will be held at Lake Placid, N.Y., federation president Count Renaud de la Fregoliere.

The '60 Winter Olympics will be held in Squaw Valley, Calif., but bobsledding was cut from the program when only three nations signified their intention of competing whereas six were needed.

JAMES HENSLEY IS GRADUATE IN NAVY

SAN DIEGO — (MHTNC)—James S. Hensley, son of Mr. and Mrs. James S. Hensley of Truckee, graduated from recruit training Jan. 30 at the Naval Training Center, San Diego.

The graduation exercises, mark-

ing the end of nine weeks of "boot camp", included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy blue jacket, ready for duty with the fleet.

HIGHWAY HEARING

Continued from Page 1
of six percent and curves with a minimum radius of 1200 feet. It would cost approximately \$935,000.
Alternate route B leaves the existing 1.6 miles north of Truckee, goes northerly along the west shore of the proposed reservoir, crosses Alder and Prosser Creeks with a minimum clearance above the maximum water level of the reservoir, passes west of Hobart Mills and joins the present road at the same point as Alternate A. This route would provide grades with a maximum of six percent, but curves would have a minimum radius of 900 feet. The cost would be approximately \$995,000.

THIRD ALTERNATE

The third alternate, designated as C, starts from the existing route at a point 3.2 miles north of Truckee, proceeds northeasterly to cross the crest of the proposed dam, passes east of Hobart Mills and joins the present route about one mile north of that community. This route also has grades of a maximum of six percent, but curves have a minimum radius of 600 feet. This alternate would cost approximately \$985,000.

Hart said that the complete record of the meeting, including the explanation of the various proposed routings and the information furnished at the meeting by interested parties, will be forwarded to State Highway Engineer McCoy.

After McCoy has studied this report, he will furnish the information contained therein, along with his recommendation for the routing to the California Highway Commission. Highway officials pointed out that the final routing of a freeway is the responsibility of the commission.

WOLVERINES

Continued from Page 1
low scoring efforts.

Saturday the Wolverines came back home and played little better than the previous night while their cross-lake opponents the South Tahoe Vikings made up the difference and coasted to a 45-37 win. The first quarter was hazardous for Jim Brehler's squad as the reserves started and could only come up with two counters. The starters came in with a seven point deficit and ended the period trailing 11-8. South Tahoe maintained the lead throughout the remaining stanza and was on top 20-15 at halftime. The Vikings increased their lead in the third frame and at the conclusion was a 37-25 leader. Truckee could only tally the equal of what South Tahoe had at the end of the three-fourth mark and went down to their eighth conference defeat. Donaldson and Robinson again took high honors with the same amount as the night before, eight points apiece.

In the Junior Varsity tilts the "Cubs" took turns trouncing and being trounced. The Winnemucca Colts rolled a 66-41 win the first evening; Next night the Junior TnTers turned the tables by slashing the Viking Jay Vee, 68-41 with all but two of Cal Farley's squad hitting the scoring column. Bill Notley was the court general both times, taking scoring honors of 16 and 17 in that order as played. Leroy Ryer had 16 to support Notley against South Tahoe.

Tomorrow night the teams travel to Yerington and then the following night return home to play Stewart in the last regularly scheduled season game before the zone tournament which this year will be held at Douglas.

New Complication In Olympic Project

Charges and counter-charges were being hurled this week as new complications arose in the ever-changing picture to provide for the 1960 Winter Olympic Games.

The complications have resulted in East Germany being prohibited from competing in the North American Championship ski events at Squaw Valley starting this weekend. As a result conclusions were about as follows:

East Germany has protested to President Eisenhower that they are being discriminated against and that the U. S. has violated an agreement to let all countries compete in this country and that officials have refused their entry. It had been previously agreed to permit the East Germans to participate in the Olympics.

North American ski officials claim they delayed the closing date for the meet three times but still failed to receive the entry from East Germany.

The state department has ruled out participation by the East Germans because this country does not recognize East Germany. The athletes, however, may compete as individuals.

Avery Brundage, president of the IOC, is disgusted with the whole thing. "I don't know who started this and I don't know who is organizing these trials at Squaw Valley, but it may add up to further complications for the Olympics," he declared.

"In view of the fact that the United States does not recognize East Germany, it is possible we made a mistake," H. D. Thoreau of the California Olympic Commission said. "However, if the state department will let them come we would accept them even at this late date."

Whether the East Germans will participate in the trial events is still a moot question, it would appear.

SENIOR SCOUTS WILL AID DURING GAMES

It was announced by Paul Caliborne, Jr. council activities chairman, that a selected group of Explorers and Senior Scouts of the Tahoe Area Council would aid in the 59 North American Skiing trials at Squaw Valley. Twenty-five selected explorers will rendezvous at Squaw Valley on the weekends of February 21 and 22 and February 28, March 1st, according to Caliborne and serve as aides, assistant score keepers and trail supervisors.

Robert Seech, director of personnel for the 8th Olympic games stated that this will serve as a trial run in connection with active service at the '60 Games. More than 100 explorers are expected to participate in the '60 Winter Olympic Games. Unit leaders are selecting key explorers with skiing experience for participation in this event.

SECURITY CHIEF IS CHOSEN FOR GAMES

Emil E. Christensen, chief of the Olympic ski patrol, has been named chief of security for the VIII Olympic Winter Games with offices at Squaw Valley. His appointment was announced by Robert L. King, executive director of the organizing committee.

Christensen, 41, has been a special agent for the Federal Bureau of Investigation for the past eleven years and during World War II served with the Office of Strategic Services in command of paratroop guerrillas. Holding the rank of major, he saw action in both the European and Asian areas.

TAHOE WEATHER

Art Frodenberg, cooperative observer at Tahoe City reported 12 1/2 inches of snow fell there since last Wednesday and that there are 28 inches of snow on the ground. Precipitation for the week totaled 2.81 inches. High temperature for the week was 41 degrees Monday and three above zero on Friday. The lake level Monday stood at 6227.61 feet subject to revision and all gates were closed.

Has Appendectomy—
Little Jacqueline Waller is home again, on the road to recovery following an emergency appendectomy performed at Reno last week. The 3 year old girl was taken suddenly ill and rushed to the hospital by her parents, Mr. and Mrs. John Waller of Truckee.

Ill At Auburn—
Friends of George Hager of Dutch Flat and Alta have learned he is undergoing medical treatment at an Auburn hospital. Mr. and Mrs. Hager have frequently visited here during lodge affairs.

Visits Son—
Mrs. J. J. (Bill) Williams of Fairfield has met a number of friends while visiting their son, Robert, who is still attending the local high school. The family lived at Tahoe City before Williams was transferred to the bay area.

SHOP AT HOME. PATRONIZE YOUR TRUCKEE MERCHANTS!

PRIZE POSTER

"Look all ways before crossing," is the pedestrian warning on a Modesto, California, school girl's prize-winning safety poster now being distributed by the California State Automobile Association. The poster, designed by Sandra Fanning, Thomas Downey High School, is being sent to elementary schools this month in northern and central California as part of the California State Automobile Association's monthly safety education program. The AAA club warns that hundreds of traffic accidents each year are caused by pedestrians stepping off curbs without first looking in all directions. It is not enough to look only to the right and left before crossing. Turning cars may not be seen unless the pedestrian looks in all directions before leaving the curb, the CSAA warns.

RUSSIAN SKIERS ARE TRUCKEE VISITORS

Eight members of the Soviet Russia national ski team, six men and two women, accompanied by eight officials, arrived in Reno by air and were transported to Squaw Valley, Tuesday. They are scheduled to compete in the North American Championships which start Saturday.

The team captain is Nicolas Anikin, the Russian 30 kilometer cross country champion.

Also arriving this week was Bud Werner, the United States' top candidate for honors in the Alpine events.

Other nations who are sending competitors to the trial events this week are Japan, Austria, Norway, Canada, Great Britain, Chile, Sweden, and others.

Three of the Russians, Anikin, Semen Bogatchev, vice president of the Soviet Ski Federation and Pavel Dementjev, coach of the combined cross country and jumping, accompanied by Hal Wood, sports writer for the United Press International and Gordon Butterfield, press relations representative for the California Organizing Committee, stopped off in Truckee Tuesday for a brief visit with Walter Barrett, member of the California Olympic Commission.

CHAMBER PHONE

The new telephone number of the Truckee Donner Chamber of Commerce is LUther 7-3145. The service was installed yesterday, Mrs. Patsy Tonini, secretary of the chamber announced.

CHRISTI ANN LANDER WED TO NICHOLAS KETTENHOFFEN HERE

Miss Christi Ann Lander became the bride of Nicholas Kettenhoffen at an eleven o'clock religious ceremony performed on St Valentine's Day by Rev. John Taylor in the Church of the Mountains at Truckee. Emery Lander of Donner Lake gave his daughter in marriage.

The bride was lovely in a ballerina length gown of white lace and finger tip length veil, suspended from a crown. She carried a bridal bouquet of white flowers.

Miss Lydia Craig of Floriston, the maid of honor, chose a pink ballerina dress and carried a bouquet in the same shade.

David Kettenhoffen, brother of the groom was the best man and Gary Ambler acted as usher. Miss Jan Naggs was in charge of the bride's book during the reception. A three tiered cake was cut by the newly weds after the rites. They later left for a trip to the bay district before going to Verdi, Nevada where they are establishing their home.

The young couple is well known in this vicinity where they have attended high school and are popular in the younger set.

Mr. and Mrs. Emery Lander of Donner Lake, are the parents of the bride and Mr. and Mrs. Ray Kettenhoff of Chamber's Lodge Lake Tahoe are the parents of the benedict.

Out of town guests included Mr. and Mrs. Julian Monax of Pasadena, Mrs. Kettenhoffen's uncle and aunt. Coming from San Fernando valley were Mr. and Mrs. Ernest Kettenhoffen and Mr. and Mrs. Kettenhoffen, Sr., the latter couple being paternal grandparents of the bridegroom.

SHORT CAUSES FIRE

The fire department Monday evening at 9 o'clock was called to the Donner Theater where a short in marquee started an incipient blaze. The damage was limited to the neon sign.

Recuperating—
John Saarni son of Mr. and Mrs. Roy Saarni has been a patient at Tahoe Forest Hospital. His friends are hopeful for his early return to his high school classes.

Tahoe Notes

Mr. and Mrs. Stan Martin recently moved from Lovelock Nevada to Carson City where he has been transferred by the Sierra Pacific Power Company.

The Milo Brownes have recently moved from Kings Beach to Tahoe Valley.

Mr. and Mrs. A. M. (Red) Anderson are in the mild climate of Phoenix, Arizona and expect to visit at Helmet before returning to Tahoe City.

CARD OF THANKS

I wish to take this means of expressing my thanks to my Truckee friends for the lovely cards and flowers sent during my recent stay at St Mary's Hospital.

Mrs. Ermin Hintz

HOOPER SENTENCE IS SCHEDULED TODAY

AUBURN — District Attorney Al B. Broyers has filed new proceedings in the Superior Court against, Berton G. Hooper, former Tahoe contractor, charging forgery and grand theft, and the matter was placed on today's calendar for hearing at 9:15 a.m.

Hooper's efforts to plead guilty were thwarted when proceedings in the Judicial District Court were questioned by Superior Judge L. J. Propp on technical grounds.

Hooper returned to the lower court, entered pleas of guilty to one count of grand theft and one of forgery, to get the matter before the superior court again.

COMMITTEE TO MEET TO DISCUSS ROADS

The transportation committee of the VIII Olympic Organizing Committee, headed by Richard Hamm, chairman, and Martin Blatt, director, will visit the area Tuesday, February 24, for an all day meeting with the civic Olympic transportation committee from Reno. The group will discuss current and pending transportation and parking problems.

Lake Tahoe-Truckee Property Owners

The second best investment you can make is a complete tree service to protect the trees on your property from insects, parasites, fungus and fire. A complete job should need no further expense for the life of the present crop of trees. We specialize in forest sanitation to improve the health and thriftiness and resistance of your trees to ever present hazards. The increasing money values of land in the forest, brings notice to the important factors that contribute to this increase, and indicate more attention to preserving the natural beauty of your property. You may have a cost estimate free, and recommendations by a qualified Forest Technician. You may get this free information now and fit it into future improvement plans.

WHY DOESN'T IT RING?

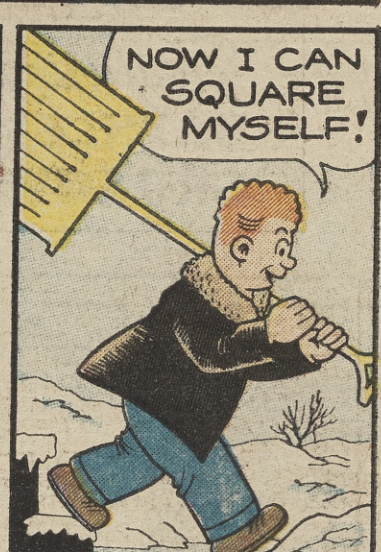

FRITZI IS REALLY SORE THIS TIME.

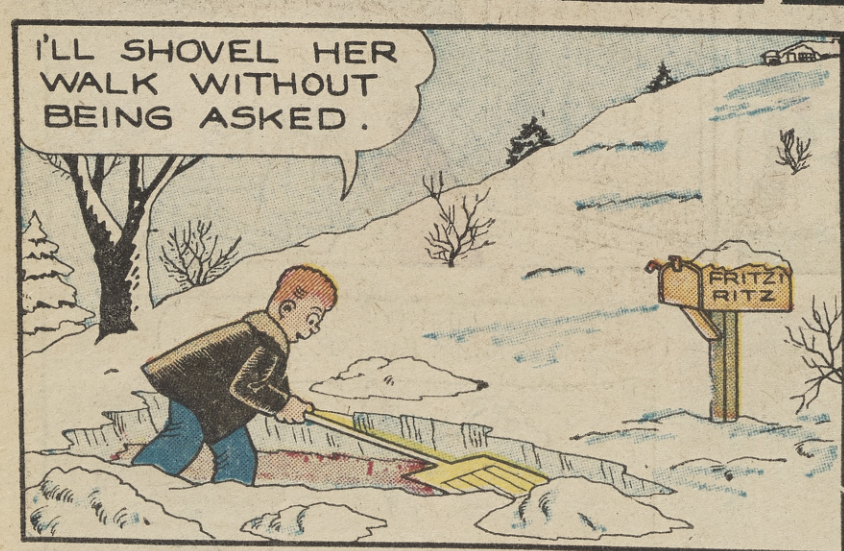

SHE HASN'T CALLED ME IN TWO DAYS -- AND SHE WON'T ANSWER THE PHONE.

OH, BOY! A BLIZZARD!

NOW I CAN SQUARE MYSELF!

I'LL SHOVEL HER WALK WITHOUT BEING ASKED.

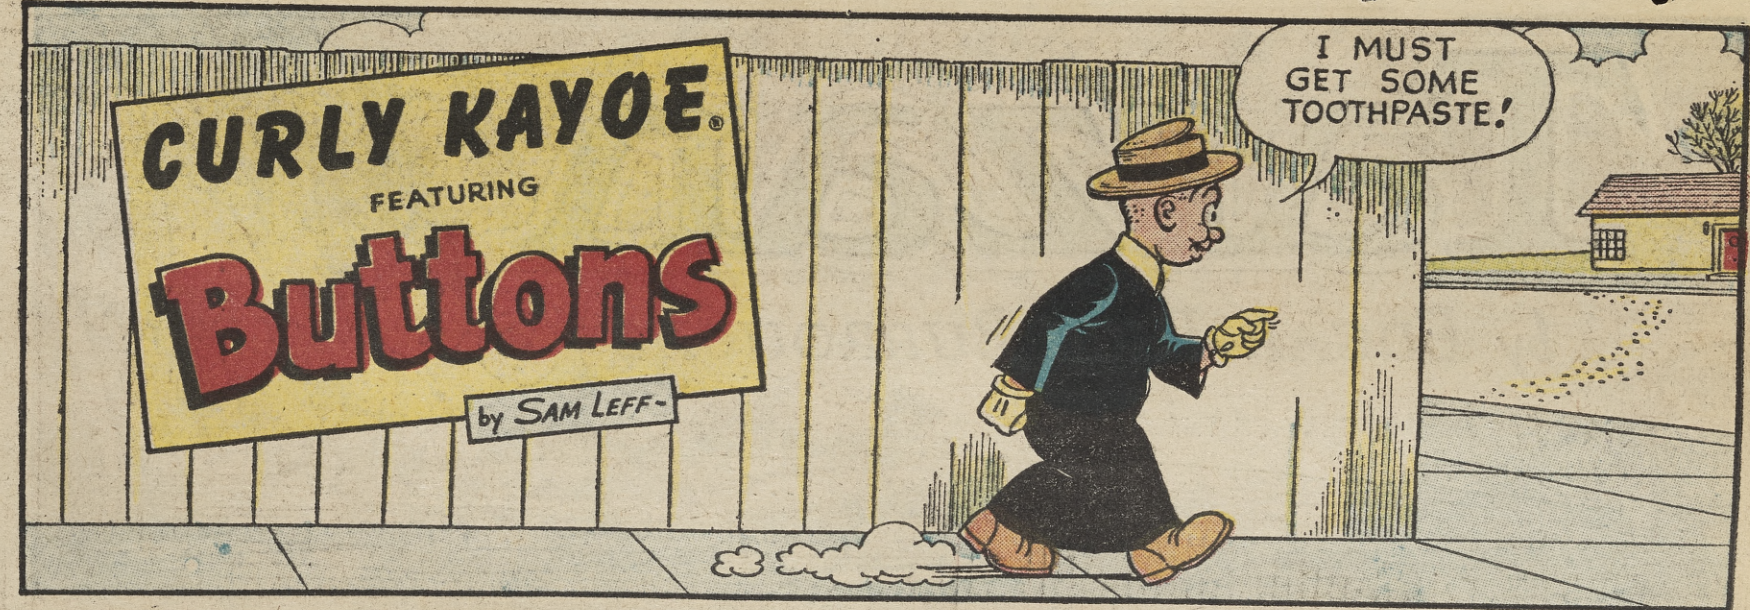

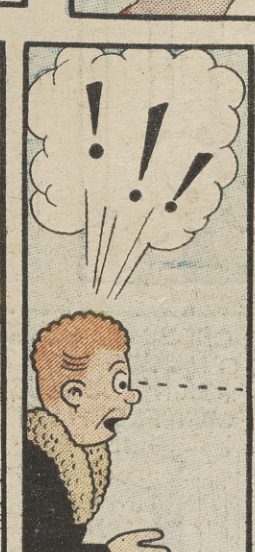

BOY! THIS WILL TAKE ALL DAY!

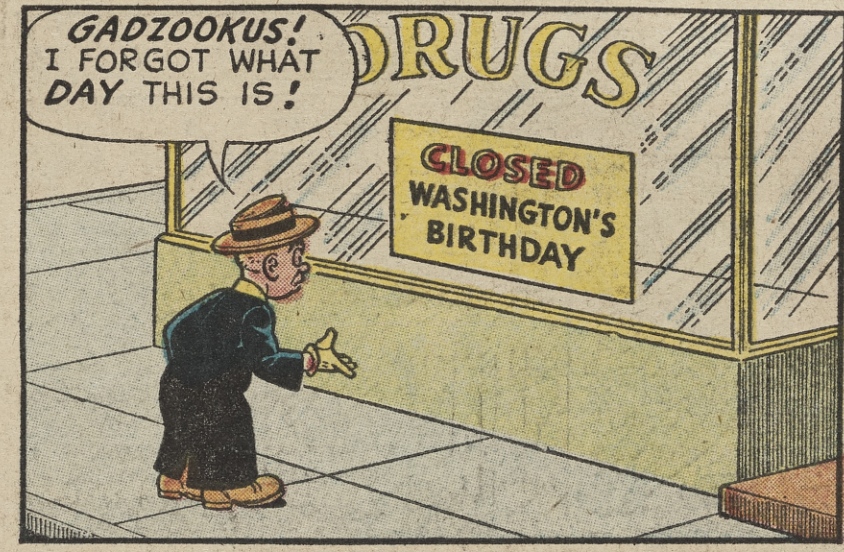

BUT IT'LL BE WORTH IT!

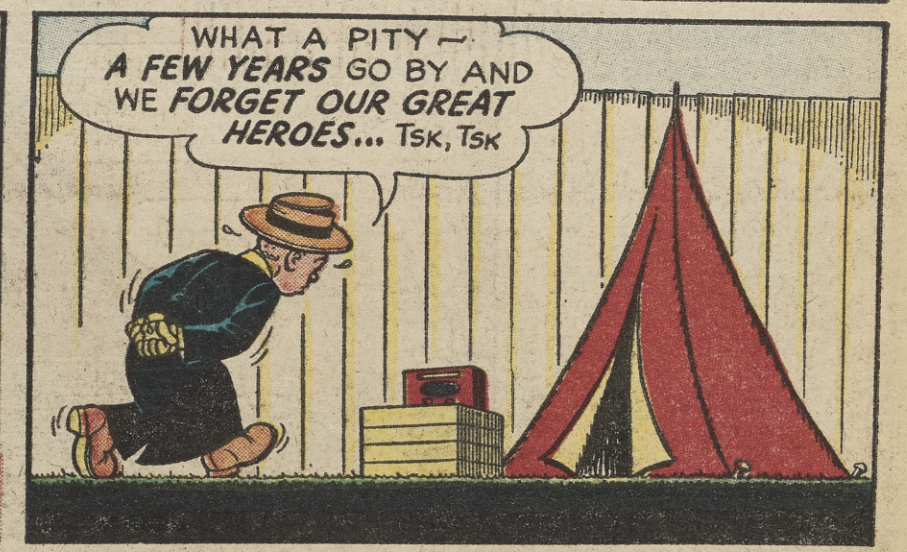

FINISHED -- AT LAST!

I MUST GET SOME TOOTHPASTE!

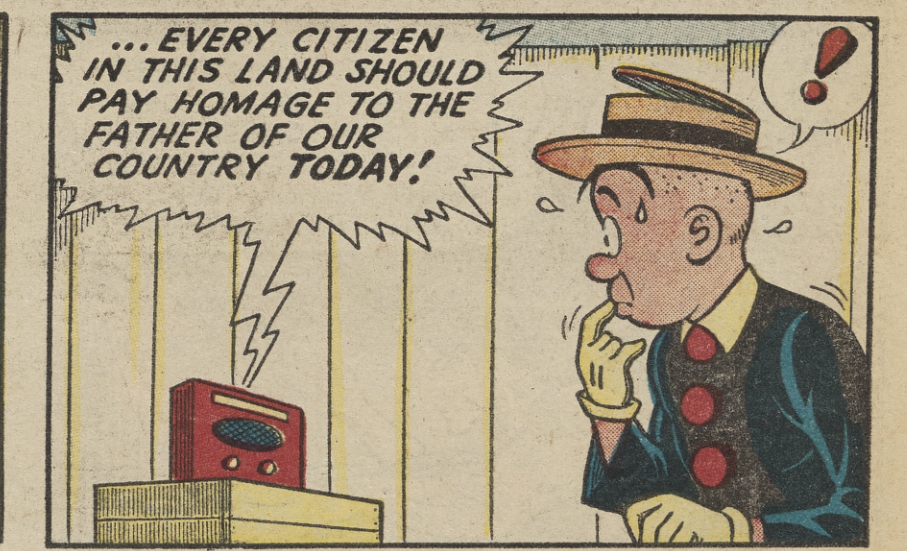

GADZOOKUS! I FORGOT WHAT DAY THIS IS!

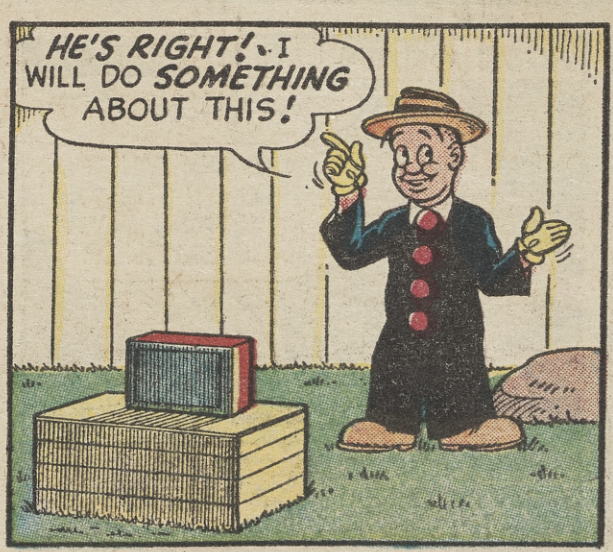

WHAT A PITY -- A FEW YEARS GO BY AND WE FORGET OUR GREAT HEROES... TSK, TSK

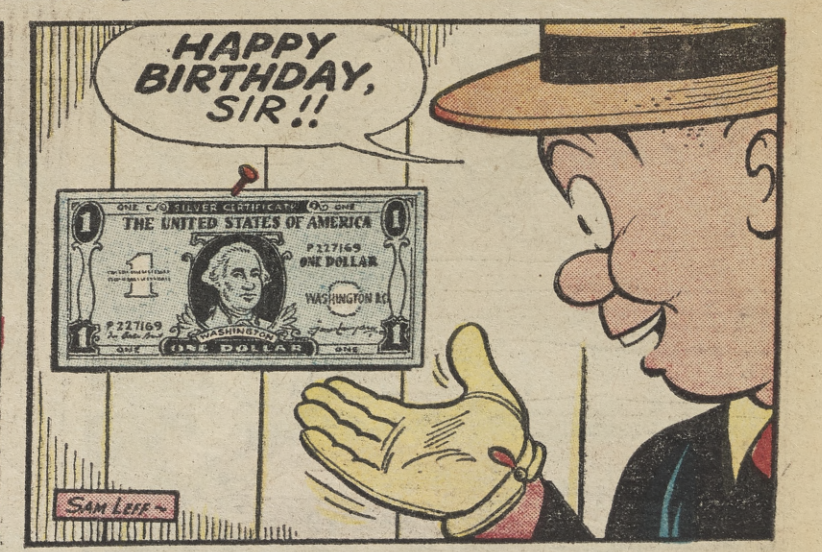

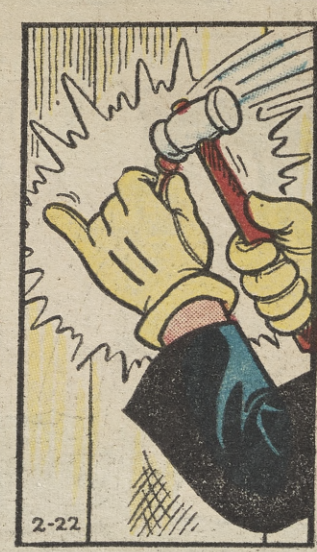

OH, WELL -- I'LL REMEMBER NEXT YEAR...

...EVERY CITIZEN IN THIS LAND SHOULD PAY HOMAGE TO THE FATHER OF OUR COUNTRY TODAY!

HE'S RIGHT! I WILL DO SOMETHING ABOUT THIS!

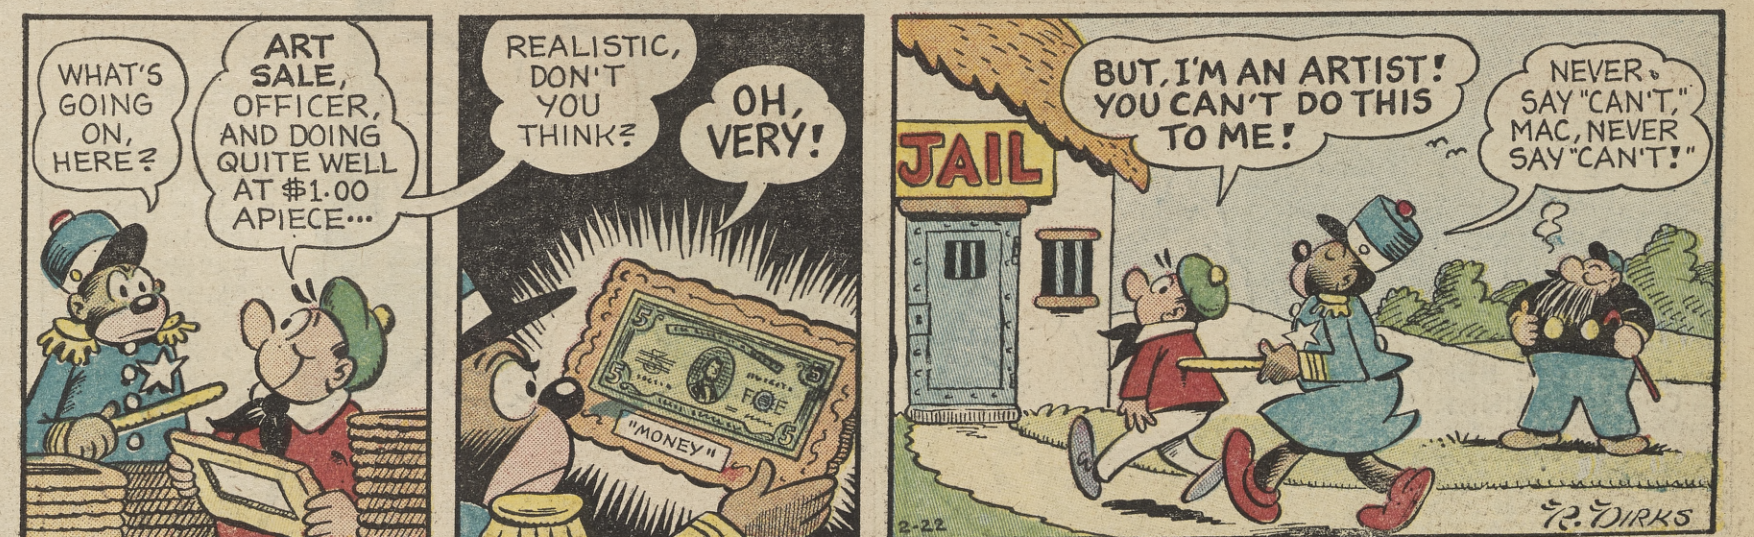

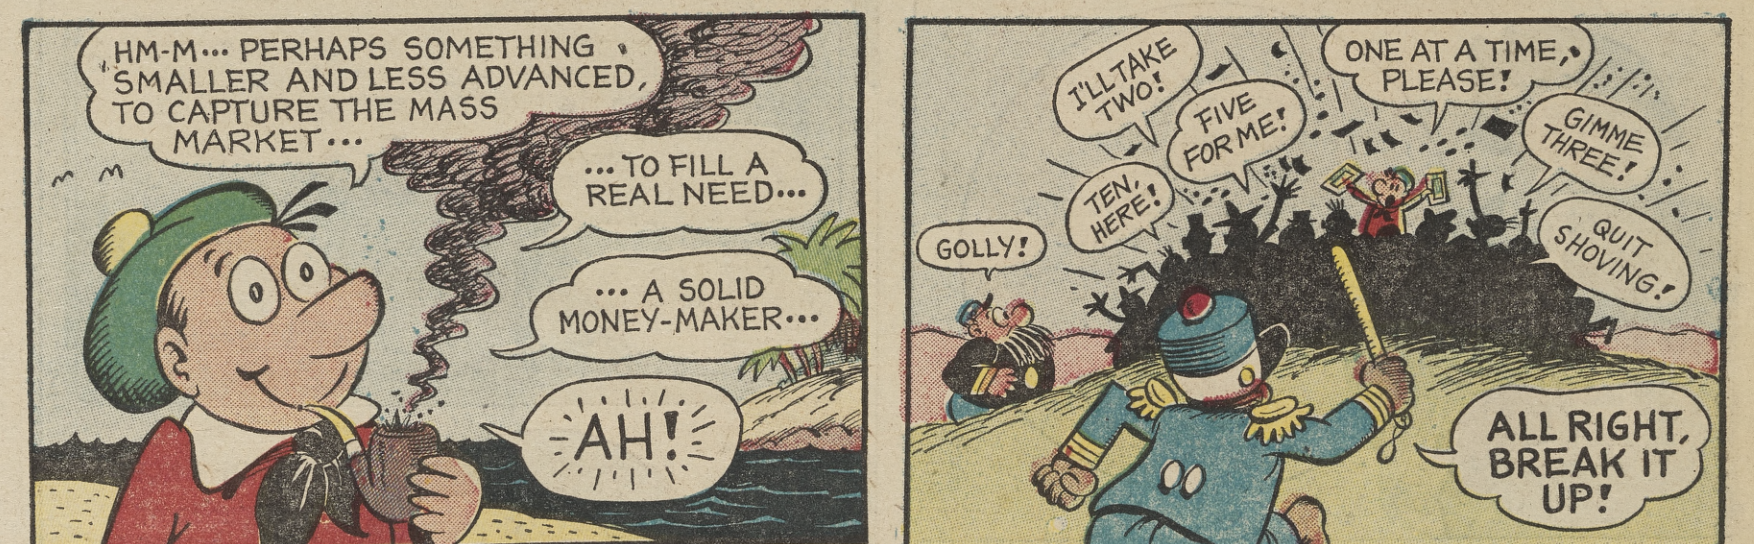

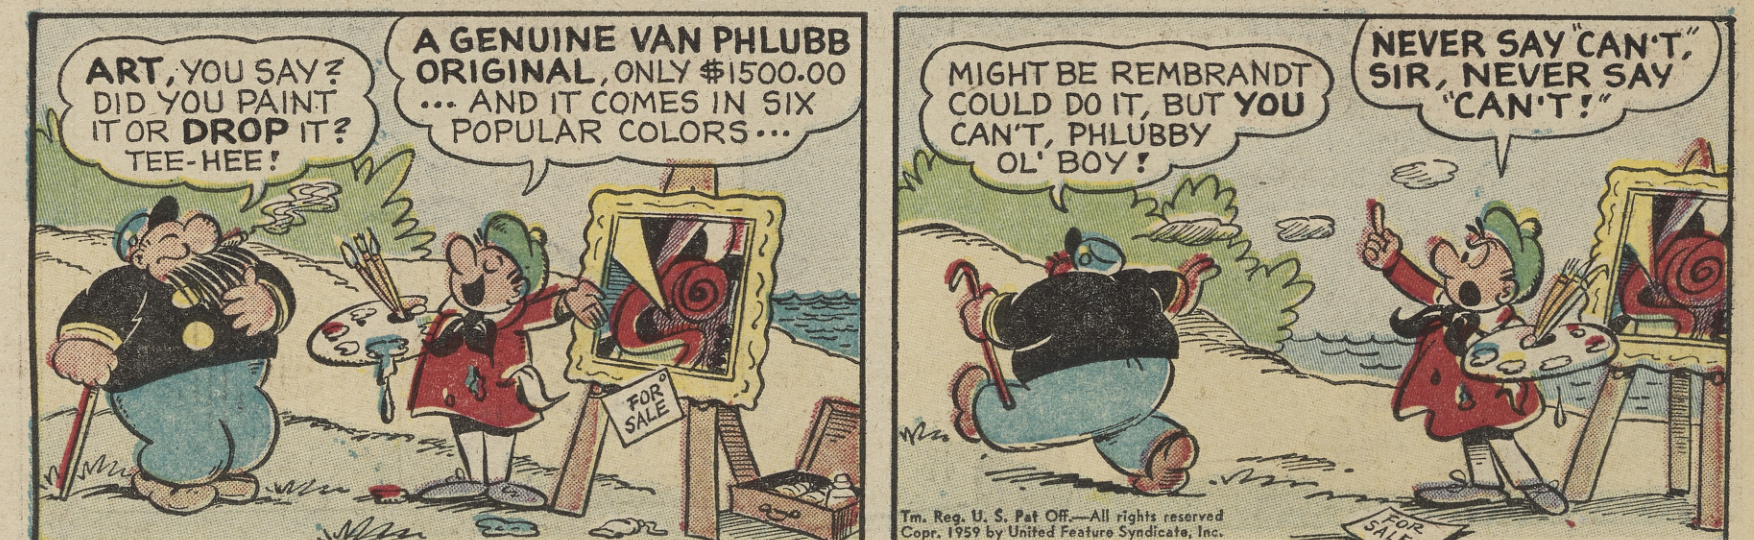

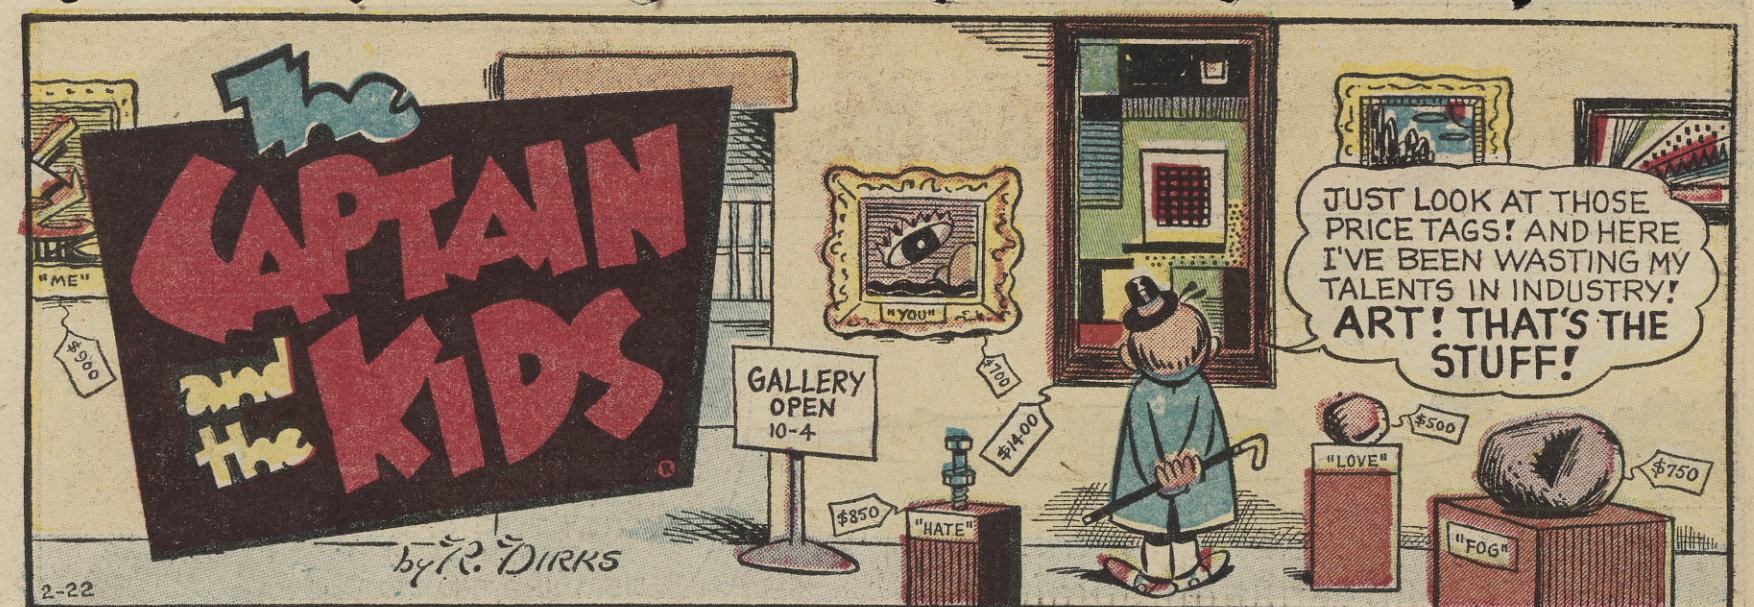

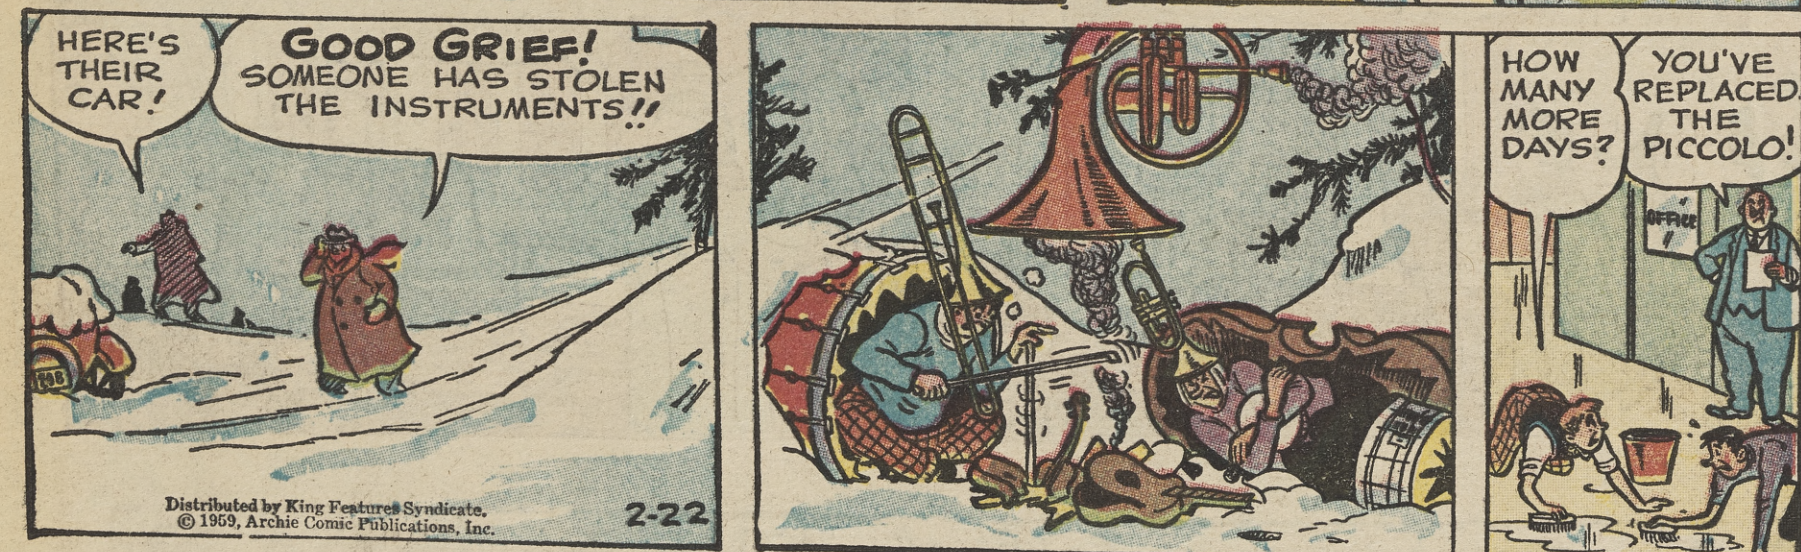

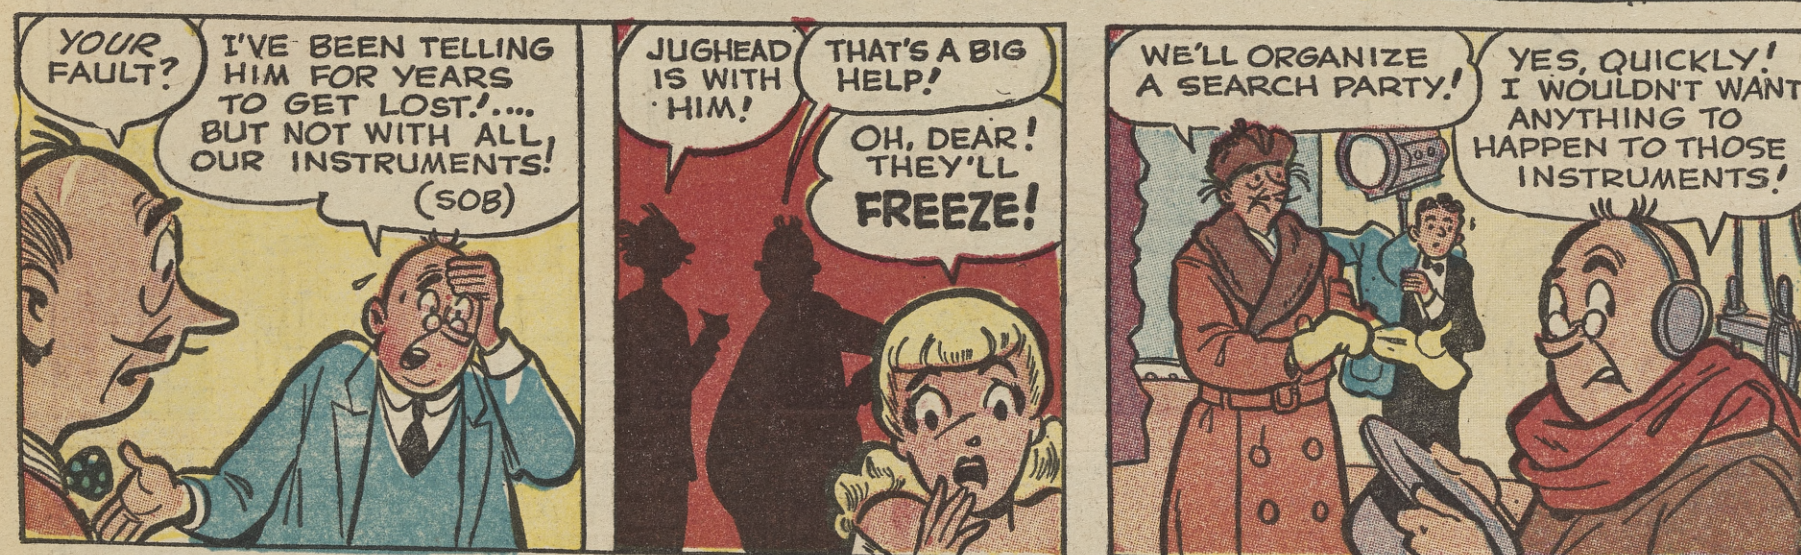

HAPPY BIRTHDAY, SIR!!

I ASKED KATIE TO DRIVE TO MOUNT VERNON WITH US TODAY, TOM. I HOPE YOU DON'T MIND...

POOR POP---HE'LL BE EMBARRASSED TO DEATH IF SHE STARTS MAKING SOME OF HER LOUD, STUPID REMARKS.

THAT'S UNKIND, LARRY-- KATIE ISN'T REALLY STUPID-- SHE'S JUST--WELL--

A LITTLE UNCONSCIOUS AT TIMES--

I'M SO GLAD YOU'RE INCLUDING ME IN THIS LOVELY FAMILY OUTING.

I'VE ALWAYS WANTED TO SEE THE HOME OF MY HERO-- THOMAS JEFFERSON--

MOUNT VERNON WAS GEORGE WASHINGTON'S HOME, KATIE.

SO IT WAS! I DO GET MY HEROES CONFUSED--

I'LL JUST BET YOUR REASON FOR COMING TODAY IS BECAUSE IT'S WASHINGTON'S BIRTHDAY.

SEE? SHE ISN'T SUCH A DUMBER AS LARRY SAID SHE WAS.

THIS LOVELY LIVING ROOM IS WHERE MARTHA WASHINGTON DID ALL OF HER LAVISH ENTERTAINING.

ISN'T IT PERFECTLY RAVISHING!

AND DO YOU NOTICE, JANE-- EVERYTHING IN THIS HOUSE IS FURNISHED IN EARLY AMERICAN!
